

Bringing Up Great Kids is a program with 6 sessions that focus on the messages of parenting

Messages from the Past ...looking at messages to pass on to your children and which ones to forget.

The message centre—Brains and how they develop so you can better understand your children's behaviour

Giving and Receiving Messages .. children who don't feel heard, can't hear you

The messages of Behaviour ...seeing your child's behaviour as a way to tap into their needs and feelings

Messages about Me ... recognising that each child is a unique person and so will behave differently.

Passing on Messages ... thinking about your parenting, so you can make your relationships with your children even better
