

# Violence Prevention Workshop

## The bystander Approach – Mentors in Violence prevention

Kempsey Family Support Service invites you to join the conversation. Hosting Violence Prevention Workshops to build practical skills and courage to change attitudes and behaviours that enable violence against women to occur. Developing tools to safely prevent, challenge and respond to various types of violence in our community.

With our Community taking measures to reduce violence, we will be creating a safe and supportive place for everyone to live in.

**Be the change and end the silence around violence**

For information and to book a free workshop for your staff or community group, please contact Kempsey Family Support on:
